Blood Spot Hormone Test--\$359

A simple, convenient, and non-invasive home-collection kit to evaluate your hormone health.

Dried blood spot testing helps get to the root of symptoms you may be experiencing related to:

- Under-or overactive thyroid
- Metabolic syndrome/central weight gain

The dried blood spot includes testing for:

- TSH
- T3
- T4
- Thyroid peroxidase antibody
- Insulin
- High Sensitivity C-Reactive Protein
- HbA1c
- Triglycerides
- Cholesterol
- LDL
- HDL
- Very Low Density Lipoprotein
